Community Bankers for Compliance 2019

Community Bankers of Michigan is pleased to once again sponsor the annual Community Bankers for Compliance Program (CBC). Presented by Young & Associates, Inc., the CBC Program continues to be the longest running compliance training program in the country.

The CBC Program will allow your bank to stay up-to-date on the ever-changing bank regulations, and will give guidance for structuring and maintaining your in-bank compliance program. Bankers who are responsible for regulatory compliance can discuss issues and exchange ideas with other community bankers.

Membership to the CBC Program consists of the following:

Quarterly Seminars. A compliance seminar is provided each quarter. The topic is selected based on the most recent industry and regulatory developments which may have an impact on community banks. Each person attending the program will receive a detailed manual, written in full narrative, that they can take back to the bank as a reference and training tool.

Monthly Newsletter. The *Compliance Update* newsletter is sent to program members each month. It provides an update of compliance issues that impact community banks.

Compliance Hotline. Members of the program may call the Young & Associates' toll-free number or visit their Web site on the Internet for compliance questions that arise on a daily basis. Young & Associates has many qualified compliance professionals available to answer your questions. This service ensures that your bank is just a phone call away from the information you need in order to answer your compliance questions.

CBC Members Only Web Page. This web page is reserved for banks that are registered members of the CBC Program. In it you will find timely information and tools provided by Young & Associates, Inc., that can be used to enhance the regulatory compliance function at your bank.

CBC Enhanced Program

In recognition of the rapidly changing regulatory landscape, CBM will once again offer additional services for the coming year with the CBC Enhanced Program. *See inside.*

Program Flexibility

To assure that CBC member banks are getting the most out of their memberships, the program is designed with flexibility in mind. We realize that job responsibilities change quite frequently within some banks, and for this reason, membership is granted to banks, not individual bank employees. This enables you to send your bank's compliance officer, as well as an additional representative as the topics apply to the various areas of the bank. By sending these representatives to the sessions that matter most to them, you are greatly enhancing the bank's ability to implement compliance throughout the bank.

Who Should Attend

The focus of the CBC is on regulatory compliance. It is essential that your bank's compliance officer attend. But because regulatory compliance should be approached from a team perspective, many banks find it beneficial to send additional employees to sessions on topics that relate directly to their positions in the bank. These employees typically come from the customer service, lending, or operations departments in the bank. To support this team effort, the CBC has been priced to enable your bank to send additional employees at a substantial savings.

Community Bankers for Compliance 2019

Regulatory Approval

The CBC Program has passed the test of regulatory scrutiny. After the original program was developed in other states, the regulatory agencies recognized the increased understanding and ability to deal with regulatory issues by those bankers who were members. Since then, the program has received approval from the regulatory agencies not only for its comprehensiveness, but also for its practicality.

Compliance Manuals

When you attend a seminar, you want to focus on the material being presented. It is often too difficult, though, to listen to a speaker and write detailed notes at the same time. For this reason, the CBC Program manuals are written in full narrative. This also enables the banker to take the materials to the bank as a reference to the regulations and as a training manual for other employees.

Risk Management

The CBC is a proven method to reduce the risk of regulatory actions against your bank for reasons such as failure to establish a valid compliance management program, failure to establish compliance policies, failure to provide adequate compliance training, and failure to monitor compliance internally. In addition, with each change in regulatory compliance regulations, there is an increased risk of inadvertent compliance errors. The CBC reduces the possibility that these errors will occur because your employees will have a greater understanding of the regulatory requirements.

Practical Solutions

Most community banks do not have the time or money to build elaborate compliance systems, but there is a solution. The CBC Program will provide practical, user-friendly compliance techniques and explain how they can be related to all areas of compliance. For example, setting up compliance files, developing training programs, responding to the examinations, and resolving disputes are among the areas that are reviewed.

Participant Interaction

The CBC Program is designed to assist members in getting timely answers to their questions as well as testing techniques before implementation in the bank. The program provides a forum where each bank can be an active participant by asking questions and bringing concerns and compliance techniques for review by the group. This peer evaluation and two-way flow of information increases understanding and improves the bank's effort toward a viable compliance program.

About the Young & Associates, Inc. Instructors for the CBC Program

Bill Elliott, CRCM, Sr. Consultant and Manager of Compliance. With over 35 years of banking experience, Bill Elliott leads the compliance department at Young & Associates, Inc. where he conducts compliance reviews, leads compliance seminars, conducts in-house training, and writes compliance articles and training materials.
