Community Bankers for Compliance Program

Community Bankers of Michigan is once again pleased to sponsor the annual Community Bankers for Compliance Program (CBC). Presented by Young & Associates, Inc., the CBC Program is the most successful and longest running compliance training program in the country.

The CBC Program will provide your bank with up-to-date information on the ever-changing bank regulations, as well as guidance for structuring and maintaining your in-bank compliance program. In addition, it provides a forum where those responsible for regulatory compliance can discuss issues and exchange ideas with other community bankers.

Basic Membership to the CBC Program consists of the following:

Quarterly Seminars. A compliance seminar is provided each quarter. Each seminar begins with a Regulatory Update, which allows bankers new to compliance and seasoned professionals to remain current regarding changes in the world of compliance. The main topic is selected based on the most recent industry and regulatory developments which may have an impact on community banks. Each person attending the program will receive a detailed manual, written in full narrative, that they can take back to the bank as a reference and training tool.

Monthly Newsletter. The Compliance Update newsletter is sent to program members each month. It provides an update of compliance issues that impact community banks.

Compliance Hotline. Members of the program may call the Young & Associates' toll-free number or visit their website for compliance questions that may arise. Young & Associates has many qualified professionals available to answer your questions. This service ensures that your bank is just a phone call away from the information needed to answer your compliance questions.

CBC Members Only Web Page. This web page is reserved for banks that are registered members of the Community Bankers for Compliance (CBC) Program. Members will find special and timely information and tools provided by Young & Associates, Inc., that can be used to enhance the regulatory compliance function at your bank.

CBC Enhanced Program

In recognition of the rapidly changing regulatory landscape, CBM will once again offer additional services for the coming year with the CBC Enhanced Program. Please refer to the last page in this brochure for additional information.

Program Flexibility

To assure that CBC members are getting the most out of their memberships (whether it be the Basic CBC Program or the CBC Enhanced Program), the program is designed with flexibility in mind. We realize that responsibilities change quite frequently within some banks, and for this reason, membership is granted to banks, not individual bank employees. This enables you to send your bank's compliance officer, as well as an additional representative, as topics apply to various areas of the bank. By sending these representatives to the sessions that matter most to them, you are greatly enhancing the bank's ability to better implement compliance throughout the bank.

Who Should Attend?

The focus of the CBC is always regulatory compliance. It is essential that your bank's compliance officer attend, but because regulatory compliance should be approached from a team perspective, many banks find it extremely beneficial to send additional employees to sessions on topics that relate directly to their positions in the bank. These employees typically come from the customer service, lending, or operations departments in the bank. To support this team effort, the CBC is priced to enable your bank to send additional employees at a substantial savings.

Regulatory Approval

The Community Bankers for Compliance Program has passed the test of regulatory scrutiny. After the original program was developed

in other states, the regulatory agencies recognized the increased understanding and ability to deal with regulatory issues by participating bank members. Since then, the program has received approval from the regulatory agencies not only for its comprehensiveness, but also for its practicality. All programs will be available for CRCM credit through American Bankers Association (ABA).

Compliance Manuals

When you attend a seminar, you want to focus on the material being presented. It is often too difficult to listen to a speaker and write detailed notes at the same time. For this reason, the CBC Program manuals are written in full narrative. This also enables the banker to take the materials back to the bank as a reference to the regulations and as a training manual for other employees.

Practical Solutions

Most community banks do not have the time or money to build elaborate compliance systems, but there is a solution. The CBC Program provides practical, user-friendly compliance techniques and explains how they can be related to all areas of compliance. For example, setting up compliance files, developing training programs, responding to examinations, and resolving disputes are among the areas reviewed.

Participant Interaction

The CBC Program is designed to assist members in getting timely answers to their questions as well as testing techniques before implementation in the bank. This program provides a forum where each bank can be an active participant by asking questions and bringing concerns and compliance techniques for review by the group. This peer evaluation and two-way flow of information increases understanding and improves the bank's effort toward a viable compliance program.

About the Young & Associates, Inc. Instructors for the CBC Program

Bill Elliott, CRCM

Director of Compliance Education

Bill Elliott has over 40 years of banking experience. At Young & Associates, he leads compliance seminars, conducts compliance reviews for all areas of compliance, conducts in-house training, and writes compliance articles and training materials.

During his career, Bill spent 15 years as a compliance officer and CRA officer in a large community bank and also worked for a large regional bank. He has been a lender for consumer, commercial, and mortgage loans, and has managed a variety of bank departments, including loan review, consumer/commercial loan processing, mortgage loan processing, loan administration, credit administration, collections, and commercial loan workout.
